

## Dr. Fine Bridge Replacement FACT SHEET

### The Project

This project will replace the Dr. Fine Bridge over the Smith River on Route 101 north of Crescent City.

### Benefits

Built in 1940, the existing bridge is near the end of its useful life. A new bridge will better accommodate vehicles, pedestrians, and bicyclists.

### Project Status

This project is in the draft environmental document stage.

### Project Costs

The total project cost is approximately \$65 Million.

### Project Schedule

Begin Construction: Targeting Winter 2014

Year of Completion: Targeting Winter 2017
